SBP24

SBP24

- Ideal for people of all ages, abilities and heights.
- Wheelchair accessible.
- Height adjustment: 24 inches.
- 1¾-inch thick Maple hardwood speed bag drum, chosen for its weight, durability and beauty.
- Speed bag platform drum available in 24 or 30-inch diameter.
- Professional-grade swivel included.
- Heavy-gauge steel construction.
-11 Gauge steel tubing.
- All steel surfaces are powder coated for scratch resistance and durability.
- Standard finish is Antique Silver.
- Stainless steel upright.
- Multiple pop-pins for safety and ease of use when raising and lowering speed bag platform.
- Corner-locking screws reduce vibration.
- Holes align for 16-inch on-center studs.
- Made in U.S.A.

Shown with 24-inch drum.

The 24-inch or 30-inch speed bag drums accommodate all size speed bags. The 24-inch drum is lighter and easier to adjust. More demanding users will appreciate the increased responsiveness of the heavier 30-inch drum.

		Height Adjustment	Mounting Hole Centers	Vertical Wall Space	Distance from Wall	Weight
