

## Crank Assembly Change

**E Series & P Series Bikes: E-UB • E-RB • P-UB • P-RB**

Changes were made to the crank assembly on the E and P Series Bikes. Two press-fit steel sleeves were added. The washer and bolts that go through the crank assembly were removed.

*Note: The new design is similar to the Spinner's bottom bracket.*

### Serial Number Cut-In

|          |      |                 |
|----------|------|-----------------|
| P Series | P-RB | PBPN0810-C02423 |
| P Series | P-UB | UBPN0901-C01787 |
| E Series | E-UB | UBEN0810-C02536 |
| E Series | E-RB | RBEN0806-C02375 |

| Product       | Serial Range                        | Use Part # | Serial Range           | Use Part # |
|---------------|-------------------------------------|------------|------------------------|------------|
| P Series P-RB | RBPN0706-C01601 to RBPN0810-C02422  | 800-4004   | RBPN0810-C02423 and up | 718-1103   |
| P Series P-UB | UBPN0708-T14441 to UBPN0901-C01786  | 800-4004   | UBPN0901-C01787 and up | 718-1103   |
| E Series E-UB | UBEN0704-C010001 to UBEN0810-C02535 | 800-4004   | UBEN0810-C02536 and up | 718-1103   |
| E Series E-RB | RBEN0704-C010001 to UBEN0806-C02374 | 800-4004   | RBEN0806-C02375 and up | 718-1103   |
