

Customer Services Bulletin

Strength Upholstery Color Codes & Configurations

IMPACT, INSPIRATION, & LEVERAGE

Memo:

The purpose of this document is to reference the established upholstery color codes and configurations per Star Trac's manufacturing standards. Use the chart (Tbl. 1) as a quick color code reference to replace the "XX" code holder that is found at the end of all upholstery pad part numbers.

When referencing an upholstery pad from an exploded view product diagram; the part number will look like "731-0173-00XX". To place a formal order; the "XX" code holder must be supplemented with the required color code such as "BZ". The ordered pad part number will look like: "731-0173-00BZ".

COLOR CODE	COLOR	NOTES
AB	BLUE JAY (BF 363735)	
AC	AMERICAN BEAUTY RED (US 360)	
AD	CROCUS PURPLE (US 433)

Tbl. 1

Important Notes:

1. Dual color configurations are only available for the following (Fig. 1 & 2) pad part numbers with no deviation to expand.

PN: 731-0551-00XX

Dual Color Option Only Available as: BV, BW, & BY

Fig. 1

PN: 731-0266-00XX

Dual Color Option Only Available as: BV, BW, & BY

Fig. 2

2. Not all the referenced color codes are available for ordering. In the event that activation of a certain color code is required – contact the service engineering group for validation of a request.
3. This document excludes upholstery for old STS IMPACT models for which part numbering schemes reflect a 4x4 character nomenclature such “3500-0109-UP” along with all INSTINCT and HUMAN SPORT strength products.
