

Studio Cycle Shroud Change

Studio 3 (9-7270) + Studio 5 (9-7280) + Studio 7 (9-7290)

This document reviews the change to the Studio Bike series' shrouds/sweat guards that was made in December of 2016.

- In December of 2016 a change was made to the Studio Bike series shrouds:

OLD (Pre Dec. 2016)

NEW (Post Dec. 2016)

- Atudio bikes manufactured **AFTER AND INCLUDING** the serial numbers listed below will have the new style shouds:
 - Studio 3: GC7270L16520100
 - Studio 5: GC7280L16450256
 - Studio 7: GC7290L16500100
- If a pre-Dec. 2016 manufactured bike needs a shroud but we only have stock of the new shrouds, it will be important to send the shroud kit so that all of the shrouds match as we will only have the new shrouds available going forward.** The table below includes the shroud kits for pre-Dec. 2016 bikes as well as individual components for post-Dec. 2016 bikes:
